

NOTARY PUBLIC RECORD JOURNAL

Official Log of Notarial Acts

Notary's Full Name: _____

Commission Number: _____

State / Jurisdiction: _____

Office / Employer: _____

Commission Expires: _____

Volume _____ of _____

Year: _____

*This journal is the exclusive property of the notary named above and is
maintained in compliance with applicable state law.*

How to Use This Journal

Sequential numbering. Entries are pre-numbered from 001 onward. Never skip, remove, or reorder a page. Sequential numbering deters tampering and satisfies most state record-keeping requirements.

One act per entry. Record a single notarial act on each numbered page. Complete every applicable field at the time of the act, in permanent ink.

Identification. Note the signer's ID type, number, and expiration date. Capture the signer's right thumbprint in the box on the outer edge when your state requires it.

Fees. Record the fee charged, or mark it Waived, to stay within your state's fee schedule.

When full. Store completed journals securely for your state's retention period (often 7 to 10 years). Begin a new volume and update the Volume ____ of ____ line on the cover.

Index. Use the summary index at the back of this journal to locate entries quickly.

STATE-SPECIFIC REQUIREMENTS

California: Thumbprint required. Journal required by law. 4-year retention.

Florida: Thumbprint optional. No journal requirement (recommended).

New York: No journal requirement. 10-year retention recommended.

Texas: No journal requirement. 5-year retention recommended.

Illinois: No journal requirement. 5-year retention recommended.

Pennsylvania: No journal requirement. 10-year retention recommended.

TYPICAL FEE SCHEDULE (US)
